Scenes from the California School Employees Association Lobby Day Rally at the State Capitol

SACRAMENTO – Lieutenant Governor John Garamendi rallies California School Employees Association members during the CSEA's Lobby Day in Sacramento. Garamendi highlighted three key reforms he would like to see resolved in upcoming elections: the need to restore majority rule in California by eliminating the two-thirds requirement to pass budgets and raise taxes, extending term limits to 14 years, and creating a 120-member unicameral legislature to avoid inter-house politicking and reduce the size of legislative districts.
